

St Mary – Kilmoody

Kilmoody is a light 6 installed by Martin Hough, very like the installation at Dunmanway in Co Cork. It was amazing that all 17 new ringers stayed the course. Helped perhaps by the link to the Centenary of WW1 for which they were dedicated as "The Peace Bells".

There has been wonderful support and enthusiasm in the village and wider area. All the new ringers rang at the dedication on Friday 9th Nov and at all subsequent events organised over the following days. They loved the association with the Ringing Remembers campaign and wore their badges with pride.
